

TEDWELL D. ZWANE

Address :3281 Garikayi, Hwange (Dete), Zimbabwe

Email: tedwellzwane34@gmail.com | tedwell@outlook.com

PROFESSIONAL SUMMARY

Junior Software Developer with hands-on experience in building, deploying, and maintaining web applications using C#, ASP.NET, and Angular. Skilled in troubleshooting, automation, and CI/CD processes, with exposure to real-world production environments. Focused on writing clean, efficient code and delivering reliable, scalable software solutions.

TECHNICAL SKILLS

Programming & Development

C# (.NET Framework, ASP.NET)

JavaScript / TypeScript

C (System-level scripting & automation)

SQL (queries, joins, basic stored procedures)

Object-Oriented Programming (OOP)

REST API Integration & Development

Web Technologies

Angular

HTML, CSS, JavaScript

Responsive Web Design

DevOps & Deployment

CI/CD pipelines using Azure DevOps

Web application deployment (IIS, Vercel)

Pipeline configuration & troubleshooting

Environment setup & release support

Databases & Data

Microsoft SQL Server & MongoDB

Database design & normalization

Data validation & reporting (including reconciliation concepts)

Systems & Automation

Windows scripting (PowerShell / C-based automation)

Task scheduling & background processes

File system operations (cleanup scripts, monitoring tools)

System troubleshooting & performance monitoring

Tools & Version Control

Git (branching, merging, pull requests)

GitHub / Azure Repos

PROFESSIONAL EXPERIENCE

GRADUATE TRAINEE – SOFTWARE DEVELOPMENT

Shearwater Adventures, Victoria Falls
2025 – Present

Developed and maintained web-based applications using C#, ASP.NET, and Angular

Assisted in deploying applications to IIS environments and supporting production releases

Participated in debugging and performance optimization of live systems

Collaborated in agile workflows, contributing to feature development and issue resolution

Supported API integrations and backend service enhancements

Assisted in configuring and maintaining CI/CD pipelines in Azure DevOps

IT SUPPORT

Three Choirs Distribution

Provided technical support for hardware and software issues

Troubleshoot system and network-related problems for users

Maintained system performance and minimized downtime

Supported day-to-day IT operations and infrastructure

Web Application Deployment

Deployed a web application to production using IIS

Configured environment settings and resolved deployment issues

Ensured application stability and availability after deployment

EDUCATION

National Diploma in Information Technology

Gweru Polytechnic College
Completed: December 2024

Relevant Coursework:

Software Development

Data Structures & Algorithms

Programming

Cybersecurity

A-Level

Fatima High School
Completed: November 2018

2 a'levels passed

O-Level

Marist Brothers High School
Completed: November 2015

70'LEVELS PASSED

SOFT SKILLS

Strong Communication (Verbal & Written)

Team Collaboration

Problem-Solving & Critical Thinking

Adaptability & Continuous Learning

Time Management

Attention to Detail

LANGUAGES

Ndebele – Native

English – Fluent

Shona – Fluent
